See Back for Your Complete Fuel System From Engine to Tank
Two-Prong Clip Style Plastic Fittings
Replaces OEM No.: 398549

Fuel Line Assembly

Don't get left behind. Keep your fuel lines operating at peak performance to insure your outboard motor runs smoothly.

This Fuel Line Assembly will work for you if:

- + The Primer Bulb provides maximum flow for improved engine performance
- + Feature gasoline and solvent-resistant construction & stainless steel clamps
- + The Primer Bulb prevents fuel flow back with internal check valve

WARNING: This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.
